

UVS310

Professional Fixed UVSS

Features

- Fixed usage
- Color Area Scan technology
- Capture even at speeds up to 60km/h
- High resolution imaging up to full 4096p
- No limits on the length of a scan
- All-in-one ground camera solution, no need expensive server
- All weather conditions for the harshest environments
- Adopt the advanced intelligent camera, encoding all completed images by camera itself

Specifications

Performance

Capture Accuracy	> 99.9%
Speed Limit	0 ~ 60km/h
Height of Vehicle Chassis	50 ~ 3000mm
Width of Vehicle Chassis	≤ 4500mm
Length of Vehicle Chassis	No limit
Imageing Time	< 1s
System Extension	NPR & Face Recognition
Foreign Object Detection	Optional
Load Bearing Capacity	60 Tonnes (Optional)

Camera

Sensor Resolution	4096P
Image Resolution	≥ 10000 x 4096
View Angle of Lens	> 170°
White Balance	Auto
Exposure	Auto

Electrical

Power Supply	DC24V/150W
--------------	------------

Network

Speed	Gigabit Ethernet
Protocol	IPv4

Constructions

Dimensions	1236mm x 320mm x 93mm
Weight	26kg

Environment

Operating Temperature	-40℃~+70℃
Protection level	IP68

Dimensions
